Name,

You are ordered and I could not be more excited for you to start your Isagenix Journey!

Head over to the [rampeffect.com/wellness](http://rampeffect.com/wellness) page and click "Get Started" then check out the "Resources" page for everything you need.

- Foods to Avoid
- Symptoms to Expect and more!

When ordering we created an account for you, so you can manage any future orders yourself (with help if needed!) Right now you have 25-30% off retail price for any future order and you are currently set up with auto replenishment as place holder for 28 days from the day you ordered (**the same order** is set to ship, **so we likely need to change it** depending upon how the next couple of weeks go). **You can change this at any point** (change what you reorder, when you reorder or delete it all together by calling customer service 1-877-877-8111). By setting this up it gave you the best pricing which is why we suggest doing it upfront, but it doesn't require you to keep it in place. There is no commitment other than to try things out and assess your progress each step of the way! Make sure you reconnect with me at a minimum after two weeks so we can reassess before the next order ships.

You can access your order history, account, future orders in your back office (<https://backoffice.isagenix.com>). You can use your username and password that was created when we set up your account. Here you can manage any future orders, explore other products, purchase products, enroll friends, coworkers, family (if that interests you, with our help of course!) etc. I suggest logging in and looking around, as well as watching the tutorial videos etc.

Do not restrict yourself from consuming calories or eating food. If weight loss is a goal remember it is a side effect (if interested in that) of flooding your body with the best nutrition (to include these protein shakes) AND cleansing it of its toxins and FAT!

If anyone asks you about what you are doing or if you have any desire to share with others or (like helping family, clients, coworkers or friends) Let me know and I can support you on that path too! If anyone asks...let them know if they go to the website [isagenix.com](http://isagenix.com) the pricing is a lot higher and you or I can help them save! Cheers to amazing health!
